A publication of the Institute of Certified Bookkeepers

Are numbers your thing? Love details?

If the answer is yes, you've come to the right place!

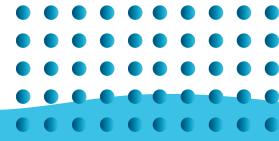

Bookkeeping is a rewarding career path and the reasons to study a bookkeeping course go further than just having a head for numbers and killer organizational skills.

The field is constantly growing, it is NOT narrow - nor is it boring (let's bust that stereotype right now!)

The noble bookkeeper does everything from maintaining financial records, problem solving to taking on the role of trusted financial advisor.

And it can be lucrative!

6 Amazing Reasons to study Bookkeeping

(1) Every Business needs a Bookkeeper

From big industry leaders in finance and economics to the local retail store down the road, every business needs someone to look after their books. Bookkeepers are wanted everywhere and anywhere -the list is simply endless! And as a result of this growing demand, there are great job prospects. Equipped with a quality Bookkeeping qualification, you can expect to find employment quickly and easily.

2, Enjoy Flexibility

Need flexible hours? Depending on the organization, Bookkeepers can choose to work part-time or full time. This is especially advantageous if you have a family to consider or are looking to supplement your partner's income. Furthermore, if you love the sound of working in your pajamas with a cup tea in hand (uhm...bliss!), there are options to work freelance or work from home at some companies.

(3) Its never to early or late to start

That's right, you heard us—no age limit. No matter what stage of life you are enjoying, you can jump right in and learn those skills. First level qualifications can be started from the age of 16 (even without a Matric), and those in Full Time employment can study Part Time.

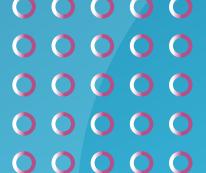

4 Steady Income

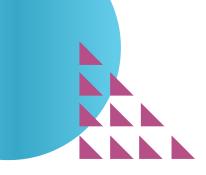

In an unsteady economy and uncertain times, earning a constant, good salary equals stability. Bookkeepers can count on earning a solid income which is set to grow with years of experience.

PLUS Bookkeepers can also easily transition into higher paid jobs to increase earning potential later on, if so desired.

5, Tailor your Career to your Personality

Variety is the spice of life in Bookkeeping! Tailor your career to fit your personality and stage of life. If you love getting out of the office, choose a job that allows you to move around and work in different settings, or conversely choose a job without travel.

Enjoy people? You could work in a bookkeeping job where you interact with loads of clients. On the other hand, if you lean more to the shier side, there are plenty of jobs that don't require much socializing.

6 Get a Rewarding Career Path

Aspirations to become an accountant one day?

Opportunities for advancement are plentiful and many bookkeepers go on to become auditors or accountants. In fact, it is entirely possible to work your way to CA!

Study a Bookkeeping course and you'll get your foot in the door. <u>Click here</u> and find out more.
