ECON

Economics Professional Certificate

- Duration:** 48 study hours / 12 weeks
- Format:** Online, Distance or Classroom
- ICB Fees:** ICB Exam Fees + Registration
- Other Costs:** Study Materials + Tuition Fees

This professional certificate introduces economics, focusing on the fundamentals of microeconomics and macroeconomics. Students will explore how significant economic events, such as interest rate hikes, inflation, and unemployment, impact everyday individuals. The subject covers the roles of households, businesses, government, the foreign sector, and financial institutions within the economy, along with a detailed study of demand and supply dynamics. Students will learn the laws of demand and supply, understand equilibrium, and apply these principles to pricing strategies. Additional topics include determinants of demand and supply, price elasticity, marginal utility, and the causes, impact, and control of inflation. Further study areas include perspectives on economic systems, developing an economic framework, the money market and monetary economics, international trade and finance, and labour economics.
